NSA & FSB: Updated Draft of Response to Sarah Berrington Smith incl Ref2 Kidnapping of Outsourcing Must Fall Spokesperson: Vusi Mahlangu

When I received Sarah Berrington-Smith 01 April 2016 9:16 AM *Unashamedly ethical - Keith Matthee* correspondence.

I drew up a draft response. On 01 April 2016 at 3:17 PM; I sent her an excerpt of the draft response.

I did not complete the draft; before deciding to send her an excerpt of it.

Here is the draft with minor updates; although it is – like FSB & NSA: Summary: Interpretation Forensic Data [PDF] -- not yet completed.

===== Start: Updated Draft of Response to Sarah Berrington Smith =====

Shall South Africa solve its overpopulation and overconsumption problem; orderly and humanely by [choosing](#) to implement an [Ecology of Peace national social contract](#); requiring all its citizens to [cooperate](#) and [reduce their consumption and procreation to ecological carrying capacity limits](#); or be [humanely, orderly and fairly eliminated from the South African genepool](#); or like Syria did; with a South African civil war; where Johannesburg, Cape Town, Durban and Bloemfontein look like [Homs](#)?

Should we ask for President Putin's help to orderly and humanely legally implement an Ecology of Peace South African social contract; or should we wait until South Africa's civil war; and whomever is then President; can ask President Putin and the Russian Air Force to bomb the hell out of those who refused to non-violently cooperate to implement an Ecology of Peace South African social contract?

RE: How Serious Pentagon, CIA & NSA Generals know anyone is sincere:

If or when you identify the serious American Generals; and/or Russian, NATO, Pakistani, Chinese, Australia etc Generals; – of whom you have such a high opinion – who appointed you as their spokesperson; who want you to act as their Masonic War is Peace 'fuck honour' debate spokesperson.

I suggest you discuss the issue with your family.

New Ecology of Peace rules including communication rules; are clearly outlined [here](#); which I practice in my relating to all; irrespective of race, class or religion.

Masonic War is Peace Rules is a different kettle of fish; depending on the particular racial, class or religious sub-culture and the Masonic Rule of Law state functions will to regulate or ignore the particular sub-cultures practicing of their respective inter sub-cultural rules.

The higher you go up the Masonic food chain where the big boy Generals, Bankers, Judges, CEO's tread, you enter into areas where state police and prosecutorial functions generally ignore the particular sub-cultures Masonic War is Peace rules; whose rules can be similar to Beirut rules: i.e. zones where the state 'rule of law' allegedly applicable to everyone else has collapsed; as can be noted in any collapsed state ruled by overt gangs and their warlords; where as Crowley would say where 'do what thou wilt' rules rule; or some sub-cultural version of that imposed by those capable of the greatest brute force or cruelty to maintain order and obedience to their sub-cultural version of Beirut, or Los Pepes, etc rules.

An example of [KGB / FSB playing Beirut rules](#).

My EoP rules for expressing my opinions – particularly what could be interpreted by them personally or some of their followers; as negative opinions – to any General; or for that matter

politician, pope, guru, homeless person, etc; is to express my honest opinions to them; for their attention; to their inbox; or if possible to their face; and secondly: to sincerely give them the opportunity of proving my working hypothesis opinion about them wrong. If so to publicly amend my working hypothesis conclusion and if necessary apologize.

Masonic War is Peace Political Party no rules example can be found in Mexico where it is overt; as opposed to in other duhmockery's where it is covert. In Mexico it is referred to as Plaza 123; a description thereof can be found in: [Lord of the Sky: Drug Lord: Amado Carillo Fuentes](#).

Too busy to read????

If you read: EoP v WiP NWO Negotiations: Comments Correspondence [\[PDF\]](#): 31 Jan 2016; you would have read:

----- Excerpt: EoP v WiP NWO Negotiations: Comm Corr: 31 Jan 2016 -----

“The problem with being too busy to read is that you learn by experience (or by your men’s experience), i.e. the hard way. By reading, you learn through others’ experiences, generally a better way to do business, especially in our line of work where the consequences of incompetence are so final for young men. Thanks to my reading, I have never been caught flat-footed by any situation, never at a loss for how any problem has been addressed (successfully or unsuccessfully) before. It doesn’t give me all the answers, but it lights what is often a dark path ahead.

For all the “4th Generation of War” intellectuals running around today saying that the nature of war has fundamentally changed, the tactics are wholly new, etc, I must respectfully say ... “Not really”: Alex the Great would not be in the least bit perplexed by the enemy that we face right now in Iraq, and our leaders going into this fight do their troops a disservice by not studying (studying, vice just reading) the men who have gone before us.

We have been fighting on this planet for 5000 years and we should take advantage of their experience. “Winging it” and filling body bags as we sort out what works reminds us of the

moral dictates and the cost of incompetence in our profession. As commanders and staff officers, we are coaches and sentries for our units: how can we coach anything if we don't know a hell of a lot more than just the [Tactics, Techniques, and Procedures]? What happens when you're on a dynamic battlefield and things are changing faster than higher [Headquarters] can stay abreast? Do you not adapt because you cannot conceptualize faster than the enemy's adaptation? (Darwin has a pretty good theory about the outcome for those who cannot adapt to changing circumstance — in the information age things can change rather abruptly and at warp speed, especially the moral high ground which our regimented thinkers cede far too quickly in our recent fights.) And how can you be a sentinel and not have your unit caught flat-footed if you don't know what the warning signs are — that your unit's preps are not sufficient for the specifics of a tasking that you have not anticipated?

Perhaps if you are in support functions waiting on the warfighters to spell out the specifics of what you are to do, you can avoid the consequences of not reading. Those who must adapt to overcoming an independent enemy's will are not allowed that luxury.

This is not new to the USMC approach to warfighting — Going into Kuwait 12 years ago, I read (and reread) Rommel's Papers (remember "Kampfstaffel"?), Montgomery's book ("Eyes Officers"...), "Grant Takes Command" (need for commanders to get along, "commanders' relationships" being more important than "command relationships"), and some others."

As a result, the enemy has paid when I had the opportunity to go against them, and I believe that many of my young guys lived because I didn't waste their lives because I didn't have the vision in my mind of how to destroy the enemy at least cost to our guys and to the innocents on the battlefields.

Re: Psychotronic manipulation of Sarah Berrington Smith

Were you [psychotronically manipulated](#) by some military intelligence agency to send me your correspondence?

My answer: Yes you were.

What is your answer?

If your answer is yes; what are your answers to the following questions:

- Why are you being psychotronically manipulated to send me a message?
- Which military intelligence agency was it; or if a combination which combination?
- Were your military intelligence agency handlers motivated by Ecology of Peace or Masonic War is Peace problem solving?

Are you being psychotronically manipulated to send a cryptic Kremlin Business Card help to orderly and humanely legally implement an Ecology of Peace South African social contract?

Maybe; maybe not.

When one is not sure he can do something he may say, “I will try but I can’t promise.” He said he’d heard whites say that and had never understood it till now. As a young Romanian friend so aptly summed it up, when a black person “promises” he means “I’ll try.”
